### Postiga hopes to be fit for Dynamos match

KOLKATA: Atletico de Kolkata marquee player Helder Postiga on Friday hinted he might be available for the team's next ISL match against Delhi Dynamos on Oct. 22 as he has started training while continuing to recover from a rib injury.

"I feel much much better now... I've started training with the team for last one week. We have two more days. The coach will decide whether I'm ready," he said.

"Injuries happen in football, second time for me in India. It's bad luck. There's a little pain in my rib now but it's normal. I feel much much better," he said. — PTI
